Installation

1. Tear open the outer plastic bag. Avoid using sharp blades or scissors.
2. Tear open the compression wrap. The cushion will come out partially compressed.
(Cushion foam may take up to 24 hours to fully expand.)
3. Fold the cushion in half to fit it into the cushion cover.

4. Pull the cushion cover fabric together while zipping it closed.

5. Finish

Warm Tips

If the fabric does not rest on the cushion foam after stuffing as you would like, try pressing the sides of it against the edge of a table to help guide it into its natural shape.
